RE: Increase of antidumping duty cash deposits on large power transformers from the Republic of Korea for the period 03/31/2015 through 05/05/2015 (A-580-867)

1. On 03/31/2015 (80 FR 17034), Commerce published in the Federal Register the final results of its administrative review of the antidumping duty order on large power transformers from the Republic of Korea. See message 5097302, dated 04/07/2015.
2. On 05/06/2015 (80 FR 26001), Commerce published in the Federal Register the amended final results of its administrative review of the antidumping duty order on large power transformers from the Republic of Korea. See message 5127305, dated 05/07/2015.

3. As a result of Commerce's amended final results of administrative review and second amended final results of administrative review, the cash deposit rates have been revised for certain companies. Therefore, CBP is authorized to collect the difference in cash deposits for entries of large power transformers from the Republic of Korea produced and/or exported by the entities listed in paragraph 4 from 03/31/2015 (day of publication of original final results) through 05/05/2015 (day before publication of amended final results). CBP should calculate the amount to collect by determining the difference between the amount of cash deposit paid as a result of the application of the cash deposit rate in the final results and the amount due as a result of the application of the cash deposit rate in the amended final results.
4. Listed below are the deposit rates that were assigned to certain companies in the final results of review (see message 5097302, dated 04/07/2015), and the deposit rates that were assigned in the second amended final results of administrative review (see message 5176305 dated 06/25/2015):
